with Wake Forest Baptist Health

Blue Local with Wake Forest Baptist Health<sup>1</sup> is a good option if you wish to get care from Atrium Health Wake Forest Baptist and its affiliated doctors and hospitals. Since the majority of doctors in this plan are in the same system, it's easier for them to work together on your behalf.

## BLUE LOCAL with Wake Forest Baptist Health offers:

- Atrium Health Wake Forest Baptist's local network of hospitals and providers including more than 2,700 physicians.<sup>2</sup>
- A provider network that includes Atrium Health Wake Forest Baptist Medical Center; an academic medical center; five community hospitals; Brenner Children's Hospital; more than 300 primary care and specialty clinics;<sup>2</sup> and one of only three comprehensive cancer centers in North Carolina.<sup>3</sup>
- All doctors outside the Atrium Health Wake Forest Baptist provider network are considered out-of-network and not covered for Blue Local with Wake Forest Baptist Health, including: Cone Health and Novant Health. Out-of-network benefit coverage is not available except for emergency services, urgent care and for medically necessary covered services when an in-network provider is not reasonably available per the Blue Cross NC access to care standards. Non-participating urgent care services inside the Blue Local with Wake Forest Baptist Health product area are not covered.
- Out-of-state providers are also out-of-network and not covered. When traveling outside of North Carolina or the United States, only emergency services and urgent care will be covered at the in-network benefit level. All other non-emergency services will be out-of-network and not covered.
